INDEX, 1944

Academy meetings, Proceedings of, 66, 130, 195, 314
Accessions to the Library, Recent, 69, 129, 194, 312, 360, 550, 598, 644
Address of welcome (Graduate Fortnight, 1943), Arthur Freeborn Chace, 3
of welcome (Graduate Fortnight, 1944), Arthur Freeborn Chace, 601
Alexander, Franz G., Indications for psychoanalytic therapy, 319
Allen, Arthur W., Benign and malignant lesions of the stomach, 15
Amicrobic pyuria, Edward N. Cook, 588
Annan, Gertrude L., Plan for hospitalization insurance devised by Piarron de Chamousset, 1754, 113
Annual Meeting of the Academy, January 6, 1944, Presidential address, Arthur Freeborn Chace, 135

Barach, Alvan L., Physiologically directed therapy in the treatment of intractable bronchial asthma, 538
Bargen, J. Arnold, Present status of ulcerative colitis and regional enteritis, 34
Basis of a classification of disorders from the psychosomatic standpoint, Lawrence S. Kubie, 46
Benedict, Edward B., Critical review of gastroscopy, 179
Benign and malignant lesions of the stomach, Arthur W. Allen, 15
Biggs (Hermann W.) Memorial Lecture International health, Wilbur A. Sawyer, 394
Biological differentiation of benign and malignant growths, Harry S. N. Greene, 595
Bosworth, David M., Shoulder pain and disability, 460
Bronchial asthma, Physiologically directed therapy in the treatment of intractable, Alvan L. Barach, 538

Cambier, Margaret J. and James E. McCormack, William S. Tillett, Treatment of lobar pneumonia and pneumococcal empyema with penicillin, 142
Cancer of the colon, Henry Cave, 255
Carpenter (Wesley M.) Lecture, Nutrition in medicine, Fredrick J. Stare, 237
Cary, William H., Role of the internist in the management of sterility, 106
Cave, Henry, Cancer of the colon, 255
Chace, Arthur Freeborn, Address of welcome (Graduate Fortnight, 1943), 3
Address of welcome (Graduate Fortnight, 1944), 601
Presidential address, 135
Chamousset, Piarron de, 1754, Plan for hospitalization devised by, Gertrude L. Annan, 113
Circulation in traumatic shock in man, D. W. Richards, Jr., 363
Clinical Research Meeting
Announcement, 132
Clinical Research Meeting (Abstracts)
Accelerated postpartum involution of the uterus with vitamin B complex therapy, Leonard H. Biskind and Morton S. Biskind, 422
Antibody production after antigenic pneumococcic polysaccharides in man and in animals; relationship between nutritional deficiencies, contributory disease and resistance to infection, Paul Kaufman, 414
Clinical arrest of bacterial endocarditis by bacteriostatic agents, particularly penicillin, Ward J. MacNeal, Anne Blevins and Charles A. Poindexter, 415
Cold hemagglutination and cold hemolysis, Daniel Stats, 413
Combined penicillin and heparin treatment of subacute bacterial endocarditis, Leo Loewe, Philip Rosenblatt, Harry J. Greene and Mortimer Russell, 416
Effect of certain liver extracts on the

carbohydrate metabolism (clinical and experimental study), Henry B. Sokal and Joseph E. Sokal, 417
Effect of liver disease on vitamin A absorption, David Adlersburg and Harry Sobotka, 411
Effect of vitamin A supplements on the concentration of vitamin A in the blood during pregnancy, J. M. Lewis, O. Bodansky and M. C. Lilienfeld, 423
Electrocardiographic diagnosis of right ventricular hypertrophy, Emanuel Goldberger, 419
Experimental gastric lesions produced by calcium deficiency, Benjamin N. Berg and Theodore F. Zucker, 418
Experimental production of recurrent convulsive seizures in the monkey, N. Kopeloff, L. M. Kopeloff, S. E. Barrera and B. L. Pacella, 419
Nocturnal secretion studies in normals and in patients with peptic ulcer, Albert Cornell, Asher Winkelstein and Franklin Hollander, 413
Pedicle patch-graft pyloroplasty, Lawrence G. Beisler, 424
Psychological changes in late post-concussion head injuries, John G. Lynn, Kate Levine and Louise Hewson, 426
Qualitative change in serum albumin in parenchymal liver disease, David B. Moore, Paul S. Pierson, Dan H. Moore and Franklin M. Hanger, 411
Studies on the prevention and treatment of experimental renal obstruction from sulfadiazine, David Lehr, 424
Thiouracil in the treatment of postoperative recurrent toxic goiter, Sidney C. Werner and Robert H. E. Elliott, Jr., 417
Tinnitus aurium, observations on its nature and control, Miles Atkinson, 422
Treatment of burn shock with sodium lactate, a year's experience at Babies Hospital and Harlem Hospital, Charles L. Fox, Jr., Virginia Goddard and Ralph Young, 421
Treatment of filariasis (Wuchereria Bancrofti) with anthiomaline, H. W. Brown, 415
Ultra violet as an auxiliary in eye bio-
microscopy, Georges Kleefeld, 420
Colitis and regional enteritis, Present status of ulcerative, J. Arnold Bargen, 34
Colon, Cancer of the, Henry Cave, 255
Colp, Ralph, Postcholecystectomy syndrome and its treatment, 203
Convulsive shock therapy, Sequelae and complications of, Bernard L. Pacella, 575
therapy in various types of psychiatric patients, experience with electric, Lothar B. Kalinowsky, 485 ,
Cook, Edward N., Amicrobic pyuria, 588
Critical review of gastroscopy, Edward B. Benedict, 179

Deaths, 69, 197, 554
Armstrong, Samuel Treat, 554
Bell, George Huston, 69
Blodgett, Frank Jefferson, 197
Buerger, Leo, 69
Bullowa, Jesse Godfrey Moritz, 197
Cherry, Thomas Harris, 554
Davenport, Charles Benedict, 554
Dillingham, Frederic Henry, 554
Dow, Edmund Leroy, 197
Ellis, Zenas Horace, 70
Frissell, Lewis Fox, 197
Geist, Samuel Herbert, 198
Gilfillan, William Whitehead, 554
Goldan, Sydney Ormond, 554
Graef, Charles, 554
Gwathmey, James Tayloe, 554
Hatcher, Robert Anthony, 554
Holden, Frederick Clark, 554
Kerrison, Philip David, 198
Kingsbury, Jerome, 554
Koller, Carl, 554
Kopp, Marie Elizabeth, 198
Lohman, William Henry, 70
Lowe, Russell Walter, 198
MacCallum, William George, 554
Manges, Morris, 198
May, Charles Henry, 198
Nutt, John Joseph, 198
Ratnoff, Hyman Leon, 554
Robert, Daniel Rutgers, 554
Robinson, Horace Eddy, 199
Russell, James Isaac, 554
Sachs, Bernard, 554
St. George, Armin Von, 199
Sheplar, Adele E., 554
Spencer, Henry James, 554

Stenson, Walter Thomas, 199
Thomen, August Stephen Astor, 70
Van Dyck, Laird S., 554
Vogt, Alfred, 199
von Wedel, Hassow Otto, 70
Welt-Kakels, Sara, 199
Wile, Ira Solomon, 70
de Takats, Geza, Surgical treatment of thrombo-embolism and its sequelae, 623
Diagnosis and treatment of pneumonia, Pneumonia Advisory Committee, 190
Digestive system, Disorders of the, leading to vitamin deficiency states in infants and children, Rustin McIntosh, 25
tract disturbances in relation to rectal and anal conditions, Harvey B. Stone, 99
Disorders of the digestive system leading to vitamin deficiency states in infants and children, Rustin McIntosh, 25
Duodenal ulcer, Pathologic physiology of gastric and, Harry Shay, 264
Duryee, A. Wilbur, Thrombophlebitis, medical treatment, 604

Elman, Robert, Parenteral fluids and foods in gastrointestinal disease, 220
Empyema with penicillin, Treatment of pneumonia and pneumococcal, William S. Tillett, Margaret J. Cambier, and James E. McCormack, 142
Ensworth, Herbert K., Norman Plummer and, Primary atypical pneumonia in general hospitals and in private practice, 292
Enteritis, Present status of ulcerative colitis and regional, J. Arnold Bargen, 34
Experience with electric convulsive therapy in various types of psychiatric patients, Lothar B. Kalinowsky, 485

Friday Afternoon Lectures
Practical management of hypertension, Milton Benjamin Rosenblüth, 557
Recent advances in knowledge relating to the formation, recognition and treatment of kidney calculi, Alexander Randall, 473
Shoulder pain and disability, David M. Bosworth, 460

Gastric and duodenal ulcer, Pathologic physiology of, Harry Shay, 264
Gastrointestinal diseases, Parenteral fluids and foods in, 220
Gastroscopy, Critical review of, Edward B. Benedict, 179
Graduate Fortnight, 1943
Address of welcome, Arthur Freeborn Chace, 3
Benign and malignant lesions of the stomach, Arthur W. Allen, 15
Cancer of the colon, Henry Cave, 255
Critical review of gastroscopy, Edward B. Benedict, 179
Digestive tract disturbances in relation to rectal and anal conditions, Harvey B. Stone, 99
Disorders of the digestive system leading to vitamin deficiency states in infants and children, Rustin McIntosh, 25
Modern treatment of peptic ulcer, Asher Winkelstein, 87
Nutrition in medicine, Fredrick J. Stare, 237
Parenteral fluids and foods in gastrointestinal diseases, Robert Elman, 220
Pathologic physiology of gastric and duodenal ulcer, Harry Shay, 264
Postcholecystectomy syndrome and its treatment, Ralph Colp, 203
Present status of ulcerative colitis and regional enteritis, J. Arnold Bargen, 34
Some recent developments in the physiology of the stomach and intestine which pertain to the management of peptic ulcer, A. C. Ivy, 5
Graduate Fortnight, 1944
Address of welcome, Arthur Freeborn Chace, 601
Greene, Harry S. N., Biological differentiation of benign and malignant growths, 595

Harvey Lectures
Circulation in traumatic shock in man, D. W. Richards, Jr., 363
Jaundice following administration of human serum, John W. Oliphant, 429
Health, International, Wilbur A. Sawyer, 394
Hoch, Paul H., Some psychosomatic and therapeutic aspect of war neuroses, 333
Hospitalization insurance devised by Piar-

ron de Chamousset, 1754, Gertrude L. Annan, 113
Hypertension, Practical management of, Milton Benjamin Rosenblüth, 557

Importance of the Rh factor in mental deficiency, a preliminary report, Herman Yannet, 512
In Memoriam, See Obituary.
Indications for psychoanalytic therapy, Franz S. Alexander, 319
Infectious diseases, Progress in sulfonamide prophylaxis of acute, Wheelan D. Sutliff, 348
International health, Wilbur A. Sawyer, 394
Intestine which pertain to the management of peptic ulcer, Some recent developments in the physiology of the stomach and, A. C. Ivy, 5
Ivy, A. C., Some recent developments in the physiology of the stomach and intestine which pertain to the management of peptic ulcer, 5

Jaundice following administration of human serum, John W. Oliphant, 429

Kalinowsky, Lothar B., Experience with electric convulsive therapy in various types of psychiatric patients, 485
Kast (Ludwig) Lecture, Some recent developments in the physiology of the stomach and intestine which pertain to the management of peptic ulcer, A. C. Ivy, 5
Kennedy, Foster, Bernard Sachs, Obituary, 309
Kidney calculi, Recent advances in knowledge relating to the formation, recognition and treatment of, Alexander Randall, 473
Kubie, Lawrence S., Basis of a classification of disorders from the psychosomatic standpoint, 46
Problem of specialization in the medical services of the regular Army and Navy prior to the present emergency, 495

Library notes
Plan for hospitalization devised by Piarron de Chamousset, 1754, Gertrude L. Annan, 113
Recent accessions, 69, 129, 194, 312, 360, 550, 598, 644

McCormack, James E., William S. Tillett, Margaret J. Cambier, and, Treatment of lobar pneumonia and pneumococcal empyema with penicillin, 142
McIntosh, Rustin, Disorders of the digestive sysetm leading to vitamin deficiency states in infants and children, 25
Major therapeutic trends in American psychiatry, John C. Whitehorn, 446
Malignant growths, Biological differentiation of benign and, Harry S. N. Greene, 595
Meleney, Frank L., Recent experiences with penicillin in the treatment of surgical infections, 517
Mental deficiency, Importance of the Rh factor in, a preliminary report, Herman Yannet, 512
Modern treatment of peptic ulcer, Asher Winkelstein, 87
Moreland Commission Investigation, 469

Neuroses, Some psychosomatic and therapeutic aspects of war, Paul H. Hoch, 333
Nutrition in medicine, Fredrick J. Stare, 237

Obituary, Bernard Sachs, Foster Kennedy, 309
Oliphant, John W., Jaundice following administration of human serum, 429

Pacella, Bernard L., Sequelae and complications of convulsive shock therapy. 575
Parenteral fluids and foods in gastrointestinal diseases, Robert Elman, 220
Pathologic physiology of gastric and duodenal ulcer, Harry Shay, 264
Penicillin in the treatment of surgical infections, Recent experiences with, Frank L. Meleney, 517
Peptic ulcer, Modern treatment of, Asher Winkelstein, 87
ulcer, Some recent developments in the physiology of the stomach and intestine which pertain to the management of, A. C. Ivy, 5
Physiologically directed therapy in the treat-

ment of intractable bronchial asthma, Alvan L. Barach, 538
Plan for hospitalization insurance devised by Piarron de Chamousset, 1754, Gertrude L. Annan, 113
Plummer, Norman, Treatment of lobar pneumonia, 73
and Herbert K. Ensworth, Primary atypical pneumonia in general hospitals and in private practice, 292
Pneumonia, Diagnosis and treatment of, Pneumonia Advisory Committee, 190
Treatment of lobar, Norman Plummer, 73
and pneumococcal empyema with penicillin, Treatment of, William S. Tillett, Margaret J. Cambier, and James E. McCormack, 142
in general hospitals and in private practice, Primary atypical, Norman Plummer and Herbert K. Ensworth, 292
Pneumonia Advisory Committee, Diagnosis and treatment of pneumonia, 190
Postcholecystectomy syndrome and its treatment, Ralph Colp, 203
Practical management of hypertension, Milton Benjamin Rosenblüth, 557
Present status of ulcerative colitis and regional enteritis, J. Arnold Bargen, 34
Presidential address, Arthur Freeborn Chace, 135
Primary atypical pneumonia in general hospitals and in private practice, Norman Plummer and Herbert K. Ensworth, 292
Problem of specialization in the medical services of the regular Army and Navy prior to the present emergency, Lawrence S. Kubie, 495
Proceedings of Academy meetings, 66, 130, 195, 314
Progress in sulfonamide prophylaxis of acute infectious diseases, Wheelan D. Sutliff, 348
Psychiatric patients, Experience with electric convulsive therapy in various types of, Lothar B. Kalinowsky, 485
Psychiatry, Major therapeutic trends in American, John C. Whitehorn, 446
Psychoanalytic therapy, Indications for, Franz G. Alexander, 319
Psychosomatic standpoint, Basis of a classification of disorders from the, Lawrence S. Kubie, 46
Pyuria, Amicrobic, Edward N. Cook, 588

Randall, Alexander, Recent advances in knowledge relating to the formation, recognition and treatment of kidney calculi, 473
Recent accessions to the Library, 69, 129, 194, 312, 360, 550, 598, 644
advances in knowledge relating to the formation, recognition and treatment of kidney calculi, Alexander Randall, 473
experiences with penicillin in the treatment of surgical infections, Frank L. Meleney, 517
Rectal and anal conditions, Digestive tract disturbances in relation to, Harvey B. Stone, 99
Rh factor in mental deficiency, Importance of, a preliminary report, Herman Yannet, 512
Richards, D. W., Jr., Circulation in traumatic shock in man, 363
Role of the internist in the management of sterility, William H. Cary, 106
Rosenblüth, Milton Benjamin, Practical management of hypertension, 557

Sachs, Bernard, Obituary, Foster Kennedy, 309
Sawyer, Wilbur A., International health, 394
Sequelae and complications of convulsive shock therapy, Bernard L. Pacella, 575
Serum, Jaundice following administration of human, John W. Oliphant, 429
Shay, Harry, Pathologic physiology of gastric and duodenal ulcer, 264
Shock in man, Circulation in traumatic, D. W. Richards, Jr., 363
Shoulder pain and disability, David M. Bosworth, 460
Some psychosomatic and therapeutic aspects of war neuroses, Paul H. Hoch, 333
recent developments in the physiology of the stomach and intestine which pertain to the management of peptic ulcer, A. C. Ivy, 5
Specialization in medical services of the regular Army and Navy prior to the present emergency, Problem of, Lawrence S. Kubie, 495

Stare, Fredrick J., Nutrition in medicine, 237
Sterility, Role of the internist in the management of, William H. Cary, 106
Stomach, Benign and malignant lesions of the, Arthur W. Allen, 15
and intestine which pertain to the management of peptic ulcer, Some recent developments in the physiology of the, A. C. Ivy, 5
Stone, Harvey B., Digestive tract disturbances in relation to rectal and anal conditions, 99
Sulfonamide prophylaxis of acute infectious diseases, Progress in, Wheelan D. Sutliff, 348
Surgical infections, Recent experiences with penicillin in the treatment of, Frank L. Meleney, 517
treatment of thrombo-embolism and its sequelae, Geza de Takats, 623
Sutliff, Wheelan D., Progress in sulfonamide prophylaxis of acute infectious diseases, 348

Thrombo-embolism and its sequelae, Surgical treatment of, Geza de Takats, 623
Thrombophlebitis, medical treatment, A. Wilbur Duryee, 604
Tillett, William S., Margaret J. Cambier, and James E. McCormack, James E., Treatment of lobar pneumonia and pneumococcal empyema with penicillin, 142
Treatment of lobar pneumonia, Norman Plummer, 73
of lobar pneumonia and pneumococcal empyema with penicillin, William S. Tillett, Margaret J. Cambier, and James E. McCormack, 142

Vitamin deficiency states in infants and children, Disorders of the digestive system leading to, Rustin McIntosh, 25

War neuroses, Some psychosomatic and therapeutic aspects of, Paul H. Hoch, 333
